

Tips Tricks and Techniques

This class focuses mainly on construction techniques and the little things that help any quilter put together their quilt more efficiently.

We will be putting together a small wall hanging utilizing different skills and techniques which should be able to be completed during the class and/or weekend. The wall hanging size will be either 10" x 10" or 18" x 18".

You may also bring your projects that you may need help getting started or figuring out exactly how to put together.

Supplies:

Basic sewing supplies

Rotary cutter and mat, including a rotary ruler

Sewing machine, including thread, bobbins, and the foot pedal

Fabric
