

Fabric Basket

Supplies:

- 2 Pieces of coordinating fabric 17 3/4" X 17 3/4" square
- 2 Pieces of Quilt Batting or one piece of Bosal 17" X 17"
- 4 Buttons

Layer fabric right sides together with the batting on top of one of the wrong sides of fabric. Sew around the edges using a 3/8" seam, catching the batting within the seam. Leave an opening for turning. Trim corners. Turn right side out, press, and then topstitch close to the edge. Fold in half, top to bottom. Mark 4 3/8 on the side and bottom from corner up and from corner across bottom with a pencil dot. Connect these 2 dots with a pencil diagonal line and sew on the line. This makes the pockets on the 4 outside corners. Fold open corner pockets flat to make a triangle and stitch top of triangle only. Fold down remaining side points and attach with buttons.
