

Pinwheel Supplies and Details

The picture is of the supplies for the Pinwheel Ornament mini class.

You will see a 2 1/2 inch completed ornament. It is made from five coordinating 5-inch squares which have been cut into 2 1/2 inch squares. The templates are on the cardboard standing up in the back. These are the centers of the 2 1/2 inch ornaments. We will cut them out and put a hole in the center. The greenish yellow circles are 2 inches and perfect for making templates. As you can see, I have lots of them to share with you. The white pattern is for marking the center of the circle.

The CD in the back is the center for a five inch ornament. Five inch ornaments will require 20 five inch blocks. I have some CDs, but if you have some to share, please bring them. This class is easy and fun. Bring your fabric and needle and thread.
